

# OUR SUSTAINABLE COMMITMENT

## TERRITORY PROTECTION

Safeguard and manutention of hedges, woods and historic vineyards such as Bellussera.

## WINEYARD BIODIVERSITY

Encourage settlement of insect pollinators through the grassing of the vineyard during all the vegetative phases.

## LOW ENVIROMENTAL IMPACT

Compliance with the guidelines of the integrated production system, which consider the use of resources and natural regulation mechanisms, limiting the impact of the environment.

## LOCAL PRODUCTS AND COMPETENCES

Preference from the local community for staff, suppliers of grapes and materials.

## HEALTH AND SAFETY

Constant checks on grapes and wines in order to guarantee quality and traceability.

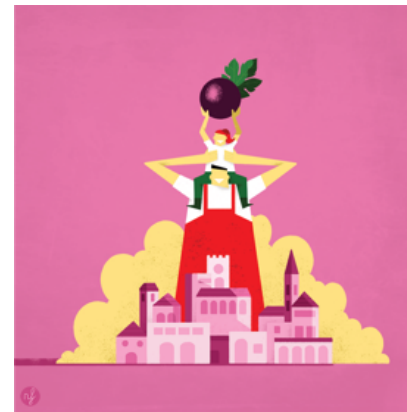

## REDUCE – REUSE – RECYCLE

Giving impulse to to the circular economy by adhering to projects aimed at reducing the waste produced and choosing packaging and packing material that respects the environment.

## ENHANCING LOCAL TYPICALS

Adhere to initiatives aimed at promoting the history and products of the territory, promoting tourism and wine tourism.

## SOCIAL COMMITMENT

Development projects in favour of the community with the goal of doing business in a shared and inclusive way.

## GUARANTEED AND TRANSPARENT SUSTAINABILITY

Certify the environmental commitment and share with the consumer the results related to the impacts generated by the company activity on air, water, vineyard and territory.

## TRADITION, RESEARCH AND SUSTAINABILITY

Be aware of the impact generated by own business in order to implement sustainable action aimed at preserving the territory and its history, guaranteeing to future generations solutions that respect the environment and its resources.
